WEST HOLT MEDICAL SERVICES ADOPTS TWO MILES ALONG HWY 20.

West Holt Medical Services Employee Volunteer Program has adopted 2 miles along Hwy 20 out past the Ethanol Plant. They picked up trash at the end of May along the hwy and also pick up trash in the town of Atkinson along the cowboy trail. “With the set goal of 600 hours, they have been able to give back over 200 hours to the communities so far. The employees are really enjoying this program. I see us meeting our goal sooner than we thought and doing so much more for the communities.” said Michael Coyle, CEO of West Holt Medical Services.

West Holt Medical Services “All Kinds of Care for All Kinds of People.”
