WEST HOLT MEDICAL SERVICES ABLE TO GIVE BACK MORE THAN THEY WERE CHANGED.

In May of 2009 West Holt Medical Services created an Employee Volunteer Program for its employees to give back to the communities. They set a goal of 600 hours to give back. You may have seen them around in their bright green shirts. West Holt Medical Services Volunteer Program has proudly give over 800 hours back to the communities. Some of their big projects consisted of picking up trash on the cowboy trail, adopting a section of Hwy 20, a large Relay for Life team that is aggressively active in raising money for the cure, a annual Health fair that brings in over 300 people and a community BBQ with great entertainment. "I have rechallenged my employees to give back 1000 hours before the first of the year" said Michael Coyle, CEO of West Holt Medical Services. And he also adds "October is Employee recognition month I'm proud to recognizes my employees for all the hard work they do everyday and how much the give back to our communities."

West Holt Medical Services "All Kinds of Care for All Kinds of People."
